

# Gaz Er Unga Og

By Martin Greminger.  
Edited by The Mordheimer.

Gaz Er Unga Og is also leading a lonely life. Unlike Im Abav Yub, she has not made a choice on her own. Gaz Er Unga Og was once the apprentice of her tribe's shaman. She very much admired to try various spells and accidentally killed her chief with such an experiment. For this, she was driven off her tribe.

Her reputation made her too feared for any tribe to take her into camp, and so she lives on her own. She collected lots of knowledge and is counted as the most educated Albion native ever living, but still many fear her, for the past as well as for her knowledge. Gaz Er Unga Og is seldom seen with other natives - her contacts are as small as inevitable. From time to time, her knowledge is sought by other native women, but generally Gaz Er Unga Og keeps to herself.

Only the arrival of outlanders attracted her attention; even if she is not educated in civilised terms, she knows them to be of interest, using things strange to her and magics other than those known to her. So Gaz Er Unga Og is never far from outlanders, what makes her only more suspect in the eyes of the Albion natives.

**Hire Fee:** Gaz Er Unga Og will not require a hire fee in form of money. Instead, she claims an item of those who hire her - be it a weapon or a magic amulet she has never met before. Whatever it is, it must be an item that counts as rare+8 at least. As upkeep, she will also take common items unbeknownst to her. Every item civilised enough (i.e. unavailable for barbarians) will do. When you have no more items or cease to provide her with them, Gaz Er Unga Og will leave the warband.

**May be Hired:** Every warband except Witch Hunters may hire Gaz Er Unga Og.

**Rating:** Gaz Er Unga Og increases the warband's rating by +85 points.

Gaz Er Unga Og	4	4	4	3	3	2	4	1	8

**Weapons/Armor:** Gaz Er Unga Og uses two small staffs and may parry once with them. She wears no Armor in the beginning, but may be given.

**Skills:** Gaz Er Unga Og has the following skills: *Sorcery* and *Warrior Wizard*.

**Spells:** Gaz Er Unga Og knows all six spells of the Barbarian Shaman Spell list.

## Special Rules:

- *Magical experimentalist:* Gaz Er Unga Og is very attentive on the use of magic around her. Every time a spell is used when she is around, she may try to adapt it (even from the enemy). Throw a D6; on a 6, Gaz Er Unga Og has a certain idea how the spell in question works. If she uses it as her next and manages the difficulty, she really has learnt this spell. Even if she leaves the warband that first engaged her and is engaged by another, she may make use of every spell she learnt previously and of any item she was given within

the campaign. So a second engager will get more for his money than the first - and the third more than the second.

- *Knows the Land*: Gaz Er Unga Og has seen a good deal of Albion, due to her lifestyle. A non-indigenous warband may profit of her knowledge. The warband that engaged her adds always +2 on the throw to determine the supply source they reach.

# Im Abav Yub

By Martin Greminger.  
Edited by The Mordheimer.

*For most people, this man is a real mystery. Even many natives doubt his very existence. Some call him the patron of the hunters; others call him the patron of the hunted animals. There are shamans who beg his pardon before the hunting party leaves - just to be sure.*

*But the truth is much simpler than that. Im Abav Yub leads the solitary life of a wandering hunter, looking for the ultimate challenge, the most unimaginable creature to be found and killed. When he left his tribe many years ago, he took an oath only to return when he found something no one had ever imagined before. Since then, Im Abav Yub lives in the forest and fens, always on his search.*

**Hire Fee:** None. Im Abav Yub will come to the aid of any Barbarian Tribe if they send out one or more heroes to look for him in the normal manner, rolling under their Initiative. If found, he may decide that his help is needed in the forthcoming battle. He will only come to the aid of a tribe if their enemy has a higher warband rating. Consult the table below and roll a D6 to see whether Im Abav Yub will aid the warband.

Difference in Warband Rating	Dice Roll Required
0-49	Nil
50-99	6+
100-149	5+
150-199	4+
200+	3+

**May be Hired:** Im Abav Yub will only join Albion Barbarian Tribes.

**Rating:** Im Abav Yub increases a warband's rating by +70 points.

**Weapons/Armor:** Im Abav Yub is armed with Gu Ag, a bow he has made himself, and his sword Unga Zag. As any other barbarian, he never wears Armor. Im Abav Yub wears a cape named Leggit Er in the native tongue. Leggit Er counts as an Elven cloak.

**Skills:** Im Abav Yub has the following skills: *Step Aside, Eagle Eyes, Dodge, Nimble* and *Quick Shot*.

## Special Rules:

- **Archer Extraordinaire:** Im Abav Yub is the best archer ever known in Albion. Unlike others, he can combine the Nimble and Quick shot skills; therefore he may move and shoot twice with his bow.
